Cost of Attendance (COA) provides an estimate of the average cost of attending school. Direct and Indirect** costs are included in the COA. Some additional costs may be required that are not directly billed to the student and may differ from what is listed; however, the student is responsible for those expenses.

Direct costs, such as tuition and fees, will appear on your Francis Tuttle invoice.

Indirect costs will not appear on your invoice, but are estimated costs associated with attending school and should be included in your budget. Most of these costs would be incurred whether you attend school or not. These include items like food and housing, transportation, and personal expenses.

Additional costs are either required or optional estimated expenses for your career major and generally will not appear on your invoice. For additional information regarding these items, please contact your academic advisor.

^ Cost of attendance totals provided are for full-time enrollment and will be adjusted for part-time enrollment.
**Indirect costs are based on the Consumer Expenditure Survey as of December 2025.
